SHERBORNE

...the Home of Relaxation

WE ARE DELIGHTED
TO PRESENT OUR
COMPREHENSIVE RANGE OF
DISTINCTIVE HIGH QUALITY
FABRIC AND LEATHER
UPHOLSTERY FOR 2025.

Widely known and respected, the SHERBORNE name on the distinctive label can now be seen on the best ever selection of upholstery styles. These range from the ultimate in relaxing Recliner Chairs and Settees to traditional Wing Chairs and Upholstered Suites, all available in a wonderful choice of size, style and design.

Turning these pages is sure to inspire you to visit one of our many stockists and try out a genuine SHERBORNE product for yourself, because only then will you experience its true comfort and support.

See Product Customiser on
www.sherborneupholstery.co.uk
to visualise all Fabrics and Leathers on every product range.

SHERBORNE has grown from a small family business into one of the most successful upholstery companies in the United Kingdom.

Starting 95 years ago in a small lock-up garage in Sherborne Road, Bradford (hence the name) SHERBORNE grew to become a Limited Company in 1953 and after four moves to larger premises established itself at its current main factory in Clayton, Bradford ten years later.

Building no fewer than seven major factory extensions it also operates from a substantial warehouse at Queensbury, Bradford just a short distance away.

PROUD TO BE BRITISH

With 95 years of British furniture manufacturing tradition behind us we are proud to be British, which means that several hundred additional jobs are also supported in our supplier companies.

Manufacturing all our own frames (and using superb Recliner actions and motors from the leading suppliers in the world) every piece is fully produced (not just assembled) in our factory in the North of England. Not only that, but with our

excellent reputation for high quality, quick and efficient service and value for money, many of the designs in this brochure are already established top sellers.

CRAFTSMANSHIP

Through three generations of family ownership, skills have been developed and nurtured to enable the highest standards of workmanship to be applied in the manufacture of our upholstery ranges.

Only the finest materials are used to ensure that every SHERBORNE product is made to last. All frames are glued and screwed and every piece has fully sprung seating to ensure the proper degree of comfort and support.

All Leather furniture is made entirely out of full genuine hides (no split hides or vinyls).

QUALITY STANDARDS

Furniture is checked at every stage of production to make sure that our high quality standards are maintained, so you can be assured that the product you buy will provide years of comfort and satisfaction in the home.

EXPRESS DELIVERY

When speed of delivery is critical all Electric Riser Recliners can be delivered to stockists anywhere in mainland Britain on Express Delivery, in the FULL RANGE OF OVER 200 QUALITY FABRICS AND OVER 25 QUALITY LEATHERS.

SHERBORNE

5 YEAR GUARANTEE

So confident are we that our actions, frames and motors will stand the test of time that we offer the following comprehensive guarantee:

5 Year Guarantee on all

Recliner actions ✓

Frames ✓

Electric motors ✓

Electric handsets ✓

Electric transformers ✓

Electric control boxes ✓

Remaining electrical parts ✓

These cover all defects in workmanship and materials providing the furniture has been used in the correct way.

WHERE TO SEE AND TRY

With a huge number of retail furniture stores and mobility centres to choose from there is sure to be a stockist near you. There you can try a selection of products and hopefully find the right ones to suit your exact requirements.

The new Leyburn Standard Manual/ Powered Recliner shown in Persia Fawn with optional Head Adjust feature.

THE ENVIRONMENT

As a furniture manufacturer we take environmental issues extremely seriously and the **SHERBORNE** Environment Policy is far-reaching in its positive impact.

Firstly, we ensure that all the timber purchased is PEFC-certified (Programme for the Endorsement of Forest Certification) and that all the MDF, chipboard and hardboard materials have full FSC certification (Forest Stewardship Council). This means that only fully sustainable, renewable resources are ever used.

Secondly, we have discontinued using moulded plastic Legs on three of our fireside ranges and use mainly eco-polythene bags, made from recycled plastic bottles, to protect our

furniture in transit. All surplus polythene bags received by us are collected for reuse or recycling.

Then several environmental initiatives have reduced our use of energy and therefore our carbon footprint in recent years:

- A wood recycling system provides much of the heating for our factory and eliminates the need for landfill disposal of wood waste.
- Solar panels installed in 2012 (right) generate much of our own electricity and send surplus energy back to the National Grid.
- An Energy Management System reduces our overall usage of both gas and electricity in both factories.

- Low-energy lighting is used throughout to reduce our electricity usage even further.

And finally, remember that by buying British-made furniture this eliminates the considerable environmental impact of importing large, bulky items from overseas.

aqua clean
Love your sofa!

Five exciting fabric ranges are manufactured using **Aquaclean** technology - Adriatic and Pacific plush chenilles, Lugano linen-look chenille, Caspian flatweave and Tasman faux leather, all available to view on www.sherborneupholstery.co.uk

WHAT IS **Aquaclean**?

Aquaclean is a revolutionary fabric treatment that allows you to clean stains using water only. This includes even the worst of household stains, such as wine, ink, sauce, fat, mud, chocolate and cream, providing simple fabric maintenance in the minimum amount of time.

PET-FRIENDLY

The protective coating of the Tasman range forms an elastic and flexible barrier to prevent pets' claws from fraying the fibres.

HOW DOES **Aquaclean** WORK?

Aquaclean technology is an advanced fabric protector for upholstery of all kinds. It is a treatment that covers every fibre with an invisible molecular layer that prevents dirt from penetrating the fabric.

MANUAL & POWERED RECLINERS/SETTEES

All SHERBORNE Recliners and Reclining Settees (except Keswick Classic and Nevada Classic - Powered and Rechargeable only) are offered with a full choice of Manual, Powered and Rechargeable Powered actions by *Leggett & Platt* HOME FURNITURE

MANUAL OPTION

With a choice of catch or handle release (except Petite design with catch only) the super smooth action enables a seemingly infinite number of recline positions to be reached.

POWERED CONTROL

Using the Powered switch (with USB-A charging point) shown above, this provides the ultimate in effortless reclining comfort.

POWER SWITCH

The new Power Switch on the side of the Reclining Chair/Settee for the Head Adjust models (see page 8) to make adjustments to the head roll to suit the individual at any time. Incorporated into the switch are also two USB sockets, 1 x USB-A and 1 x USB-C, to help charge your electric devices. Available currently on Comfi-sit, Leyburn and Roma models.

RECHARGEABLE POWER

This offers all the advantages of Powered Control but without the need to leave a cable running from the base of the Recliner or Settee to the wall socket.

10cm

WALL PROXIMITY MOVEMENT

All Manual and Powered Reclining Chairs and Settees (except Classic models and Electric Riser Recliners) can be fully reclined from a starting position only 10cm from the wall.

GLIDE OPTION

For solid flooring you can choose Glides as an alternative to castors on all Reclining Chairs and Settees, including Electric Riser Recliners, and all other models usually supplied on castors.

LEFT-HANDED USE

Catches, handles and Powered switches can all be specified for left-handed use.

RISER RECLINERS

Most designs are also available as Electric Riser Recliners with a choice of Single Motor, Dual Motor Control or Cloud Comfort (see pages 32-52).

MATCHING PIECES

All Manual and Powered Recliners and Reclining Settees are offered with matching Fixed Settees and Chairs and all are available in a wonderful selection of covers and colours.

FOR EASE OF DELIVERY

All Reclining Settees have both ends reclining and are supplied in separate sections with removable backs (ends only of 3-Seaters). All Recliners also have removable backs.

THE PERFECT FIT?

Because finding the right size of Recliner is so important to your comfort we offer the popular Keswick Recliner in a choice of four different sizes, including the special Petite size, and six further Recliners in a choice of two or three different sizes.

So if you choose a Keswick, a Nevada, a Lynton or a Malvern there should be a size to fit - see the range of Keswick sizes below, for example.

KESWICK PETITE

SMALL KESWICK

STANDARD KESWICK

KESWICK ROYALE

The above dimensions are approximate and are stated in cm.

RECLINER RANGE

What a choice! Yes, and all these Recliners (except Classic models - Powered and Rechargeable only) are offered with Manual, Powered or Rechargeable Powered actions by *Leggett & Platt* HOME FURNITURE

Please choose a catch or a handle on Manual Recliners (except Petite design with catch only).

All ranges are available in Soft cover with over 200 fabrics and many ranges available in genuine full-hide Leather by *Futura* LEATHERS

A full range of matching pieces is available with every SHERBORNE Recliner - see the following pages for full details.

Head Adjust Power Switch

Introducing the all new Head Adjust feature available on our popular Comfi-sit, Roma and new Leyburn Powered/Recharge Recliners, 2- and 3-Seaters. Easy-to-operate with the new Power Switch (see page 6 for more details).

Each Recliner range is available in various sizes, either ① (Standard), ② (Small or Standard), ③ (Small, Standard or Royale) or ④ (Petite, Small, Standard or Royale), so you can find the perfect size just for you. Check out the icon and dimensions on each page.

NEW FOR
2025

LEYBURN

New for 2025, this comfortable Recliner/Suite comes with a wide Lounger 2-Seater option to complement the Standard range, with Riser Recliners also available in four sizes.

The subtle curved stylish looks go hand-in-hand with the exceptional comfort given by the soft pillow arms and supportive seating. With the added feature of an optional **Head Adjust** available on all Leyburn Powered and Riser Recliners (see page 8 for more details).

Not available in Leather.

ELECTRIC RISER RECLINERS

For people who have difficulty getting in and out of conventional furniture, to have their own Electric Riser Recliner makes a huge difference to their freedom and quality of life.

All these Electric Recliners are designed with full powerlift facility to assist sufferers of arthritis, rheumatism, MS, poor circulation and many other mobility restrictions.

They also meet British Standard BS 8474 for safety, strength, stability and durability.

On the following eight pages we offer over 100 different models to choose from, all with castors for easy movement (front castors lift away for full stability). 160kg (25 stone) weight limit throughout.

ACTIONS AVAILABLE IN THREE STYLES ON ALL ELECTRIC RISER RECLINERS:

Single Motor action - see page 34

Dual Motor action - see page 34

Cloud Comfort Three Motor action - see page 35

All available with optional Lumbar Adjustment.

The Head Adjust Feature is available on the Leyburn, Roma, Comfi-sit and Beaumont Electric Riser Recliners.

SINGLE AND DUAL MOTOR ACTIONS

Single Motor action

The Single Motor action uses this sleek 3-button handset with useful clip and backlight. The action fully raises the footrest before the back starts reclining and reaches full recline (less reclined than on Dual Motor designs) from a starting position 20cm from the wall. The 'intelligent' third button then returns the Chair to the sitting position.

Dual Motor action

The Dual Motor action adjusts the backrest and footrest independently, offers a near-horizontal full sleeping position (needs a 38cm gap from the wall) and has an 'intelligent' fifth button on the handset to return to the sitting position. This handset also features a useful clip and backlight.

STANDARD FEATURES

SPRING-LOADED FOOTREST

This reduces the risk of accidental entrapment under the footrest.

QUICK-RELEASE HANDSET

To ensure no unauthorised use, for example by children, simply detach the handset and the Recliner becomes inoperable.

SIDE POCKET FOR RIGHT-OR LEFT-HANDED USE

A generous side pocket is fitted on all Electric Riser Recliners and this and the handset can also be specified for left-handed use if you so wish.

HANDSET RECESSED BUTTON DESIGN

All buttons are recessed within the handset to reduce the possibility of inadvertent movement of the action by accidental pressure.

BACKLIT HANDSETS

All handset buttons light up when operated for ease of use in the dark.

REMOVABLE CLIP

Each handset is fitted with a useful clip which can be removed if required.

3 motor Rise, Recline and Tilt Available on all Electric Riser Recliners

This new addition to our comprehensive range of products brings even more possibilities and control to your Riser Recliner, the easily identified blue buttons on the handset will tilt the chair to your preference, giving you a world of extra relaxation and comfort. This chair will need to be positioned 48cm from the wall for full movement.

Intelligence in the handset will reset the Tilt Function first to ensure a safe lift position at all times.

Also available with either Lumbar Adjustment or Head Adjust where options allow.

Normal Dual Motor fully reclined Riser position.

Optional Head Adjust feature.

With Cloud Comfort giving extra relaxation and comfort.

Cloud Comfort feature.

Leyburn Royale Riser Recliner shown in Carolina Slate Blue with Cloud Comfort and optional Head Adjust feature.

Optional Lumbar Adjustment

Available on all Electric Riser Recliners

This additional feature uses two extra buttons on the handset to increase and reduce the level of lumbar support to enable the most comfortable position to be reached. Available at extra cost on all SHERBORNE Riser Recliners.

Optional HEAD ADJUST

Available on selected Electric Riser Recliners

Head Adjust - separate movement of the head section allows you to support your head how you choose, whether watching TV or just relaxing.

Currently available on Leyburn, Roma, Comfi-sit and Beaumont models.

Normal position.

With **Head Adjust** to help you obtain the perfect position.

ADDITIONAL FEATURES

LED POWER INDICATOR

The transformer displays a green power light to indicate that power is reaching the Recliner.

MULTI-USE BATTERY BACK-UP SYSTEM

For an additional cost, this can be fitted at the time of ordering or purchased at a later date to ensure continued use of the Recliner up to approximately 10-15 complete cycles of the action in the event of power failure.

Highly recommended.

SINGLE-USE EMERGENCY BACK-UP

This allows one emergency operation of the Chair, returning it to the sitting position (batteries must be replaced after use).

GLIDES
Glides for solid flooring are available on all Riser Recliners.

This **personal guarantee** applies to all Electric Riser Recliners with a user weight limit up to 160kg (25 stone).

REMOVABLE BACKS

For ease of delivery all Riser Recliners have removable backs.

EXPRESS DELIVERY

This is available on all Electric Riser Recliner designs in **THE FULL RANGE of popular Fabrics and Leathers.**

MATCHING PIECES

Most Electric Riser Recliners can be matched up with Chairs, Settees, Manual and Powered Recliners.

THE PERFECT FIT?

Because finding the right size of Recliner is essential to your comfort, we offer no less than thirteen popular Electric Riser Recliners in a choice of four different sizes and further designs in a choice of two different sizes - see below, for example.

CARTMEL KNUCKLE PETITE

SALISBURY & WESTMINSTER

Two traditional Fireside designs, each offering reversible seat cushions, firm, comfortable seating and excellent lumbar support.

The Salisbury features attractive scroll arms and a sprung back with distinctive headroll for added support. This is offered in three heights with a choice of Round, Classic or Queen Anne removable wood Legs, each available in Dark or Light finish.

The long-established Westminster Chair and High Seat Chair are available with Queen Anne or Classic removable wood Legs in Dark finish (Dark Queen Anne supplied as standard) or Light finish.

These Chairs are not available in Leather.

Salisbury Standard Chair, High Seat Chair shown in Carolina Blossom and Bonfire with Scatter Cushion in Carolina Bonfire and Dark Round Legs.

Westminster High Seat Chair shown in Como Wine with Scatter Cushion in Adriatic Grey and Queen Anne Legs in Dark finish.

Westminster Chair shown in Dovedale Alpine with Queen Anne Legs in Light finish.

Salisbury Low Seat Chair shown in Lyon Silver and Light Round Legs.

BROMPTON & SHILDON

If you are looking for a traditional Fireside or Wing Chair for lasting, reassuring comfort the Brompton or Shildon could be ideal.

Both Chairs are available in Low Seat, Standard and High Seat versions with removable (not reversible) seat cushions and welcoming fibre-filled backs with excellent lumbar support.

With a choice of Queen Anne or Classic removable wood Legs in Light or Dark finish (Light Queen Anne supplied as standard).

These Chairs are not available in Leather.

STOOLS & ACCESSORIES

This wide range of matching Stools and Accessories is available to enhance your comfort and prolong the lifespan of your furniture.

Only Stools or Accessories with this symbol are available in Leather.

STOOL

Useful all-purpose Stool with soft, inviting cushion top and countersunk castors for ease of movement.

STOOL/BOX

Opening version of Stool (shown left) with fully lined interior. Ideal for useful extra storage space.

ARMCAPS

Why not prolong the wear of vulnerable arm sections by selecting matching Armcaps (available with most items)?

NECK PILLOW

Soft, fibre-filled neck/head support, weighted on the reverse to hold it in place. Approximately 46cm wide x 11.5cm deep.

HEAD CUSHION

Soft, flat Head Cushion to protect your furniture, weighted on the reverse. Approximately 38cm wide x 17cm high.

SCATTER CUSHIONS

Add the final touch to your Sofa or Chair (not recommended with Recliners) by choosing Scatter Cushions in matching or contrasting Fabric or Leather. Approximately 41cm square.

BACK CUSHION

For useful extra lumbar support. Fibre-filled. Approximately 46cm wide x 21cm high. Dimensions in Leather: Approximately 41cm wide x 26.5cm high.

GLIDES

A useful alternative to castors on solid floors. Available to fit most models including Electric Riser Recliners.

CUT LENGTHS OF ANY FABRIC ARE ALSO AVAILABLE THROUGH YOUR SHERBORNE STOCKIST.

COMFORT CURVE CUSHION (suitable for most product ranges)

Versatile shaped cushion with an inbuilt choice of thicknesses for extra head support when reclining. Can also be used as additional arm or seating support. Approximately 38cm wide x 33.5cm long, tapered from 7cm to 4cm deep.

All dimensions are approximate.

A WONDERFUL CHOICE OF FABRICS & LEATHERS

Your stockist will be pleased to show you the wonderful range of **SHERBORNE** fabrics and leathers to choose from, all available to visualise on every product range using the Product Customiser tool on www.sherborneupholstery.co.uk

FABRIC SELECTION

The comprehensive range of fabrics offers over 200 quality choices, ranging from stylish plain and patterned chenilles to flat cloths and velvets in both modern and traditional designs. All are carefully selected for their popular colours, attractive designs, value for money and wearing properties.

And if you have a clear idea of the colour scheme in the room you are furnishing, or even better, if you can take in samples of curtaining, carpeting, wallpaper or cushions, your stockist will be happy to assist you in selecting the most suitable cover.

Please note that we are unable to offer a Customer's Own Cover service. Please also note that **NO FABRICS ARE PATTERN-MATCHED.**

aqua clean
Love your sofa!

FABRICS

Five exciting fabric ranges are manufactured using **Aquaclean** technology - Adriatic and Pacific plush chenilles, Lugano linen-look chenille, Caspian flatcloth and Tasman faux leather - which means that even severe stains can be cleaned off by using just water.

The protective coating of the Tasman range forms an elastic and flexible barrier to prevent pets' claws from fraying the fibres.

See page 5 for more details.

LEATHER SELECTION

The **SHERBORNE** Leather Collection is offered in a wide selection of qualities, colours and finishes including bold and subtle plains and characterful Antique effects. Whether you choose a standard or a wonderfully soft-feel semi-aniline quality, you can select a more modern or a more traditional appearance according to your taste and your furnishing scheme.

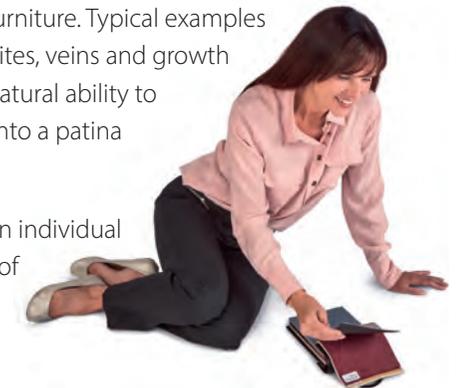

Full genuine hides supplied by **Futura LEATHERS**

THE CHARACTERISTICS OF LEATHER

As leather is a natural material it is worth remembering to expect certain natural characteristics in the finish of your furniture.

No two hides are exactly alike and all bear the marks of their origin. It is important to realise that these are not faults but features which enhance the natural beauty and character of your furniture. Typical examples would be neck wrinkles, scars, insect bites, veins and growth lines which, combined with leather's natural ability to mellow and improve with age, blend into a patina unique to each piece.

Leather stretches and creases in its own individual way, particularly in the first few weeks of use, so creasing on cushion tops can be expected.
